

LED strip consisting of 60, 120 or 240 LEDs/3.3 feet, mounted on **a flexible adhesive circuit**. The strip is suitable for any kind of application, since it **may be folded or cut into 6-LED units** without damaging the rest of the module. All tested.

Light management

LEDs with different power and luminous intensity levels

Easy installation

Adhesive backing for quick, easy installation

Range depth

Version with 60 LEDs/3.3 feet, "basic" and "high flux" (with higher wattage), 120 or 240 LEDs/3.3 feet plus several accessories
