| Technical data                                 |                 |
|--|-----------------|
| Year Designed                                  | 2016            |
| Type   | Surface         |
| Installation position                          | Ceiling         |
| Environment                                    | Indoor          |
| Light Source                                   | LED             |
| Total Power                                    | 16 W            |
| Delivered lumens                               | 553 lm          |
| Voltage  | 120/277vac      |
| CCT  | 3000 K          |
| Standard Deviation of Color Matching           | 3 Step MacAdam  |
| Color rendering index                          | 90 Ra           |
| IP   | IP20            |
| Direct mounting on normally flammable surfaces | Yes             |
| Driver included                                | Driver          |
| Dimmable                                       | Phase cut       |
| Directional                                    | No              |
| Cable included                                 | Yes             |
| Cable length                                   | 78.7"           |
| Type of light emission                         | Single emission |
| Net weight                                     | 3.6 lbs         |

|                                |                |
