PROFILE DIMENSIONS

LENS / LOUVER DIMENSIONS

Recessed Micro-prismatic
Lens (RML)

Recessed Louver
(RLW, RLB)

Regressed Opal Lens
(ROL)

Recessed Lens + Wall Wash
(LML + WW)

Recessed Narrow Optic
(RNO)

FILLER PLATE STRAIGHT RUN / LOUVER

- RLW, RLB, RNO and REO Optics are available in 6" increments. If the required fixture length should exceed that increment, the over length will be taken up by a Filler Plate in equal lengths on both ends of the fixture run.
- The Filler Plate is recessed and finished to match the louver and minimize visual impact.

FILLER PLATE CORNER CONFIGURATION / LOUVER

- Corners will have a 2.5"x2.5" Corner Filler Plate, recessed and finished to match the louver.
- RLW, RLB, RNO and REO Optics are available in 6" increments. If the required fixture length should exceed that increment, the over length will be taken up by a Filler Plate in equal lengths on both ends of the fixture run.
- The Filler Plate has a maximum length of 3" and is recessed and finished to match the louver and minimize visual impact.

FILLER PLATE MULTI-CORNER / LOUVER
